

sb fitness

2020 Master Catalog

| sb fitness

OUR VISION

Is to allow our coaches and player to be involved with the entire designing process.

We want our players and coaches to feel good while they play even better. We will not charge you extra for any design. The designs are endless.

OUR STORY

SB Fitness started on Sept. 27 2017. Our designers, manufactures, and reps are all former athletes, so they understand what each athlete loves to rock on the field, court and etc.

We also understand that all teams and schools can not afford Nike, Adidas, Under Armour so we wanted to give the best prices but also offer the best quality of material. We are here to please our athletes and teams first while saving them money for travel expenses, more training equipment and camps for the athletes.

#RealWorkRealResults

OUR MISSION

Is to provide each and every one of our teams with the most unique, durable and affordable uniforms on the market today. You should not have to pay for a logo or a name.

Our 2-4 week turnaround is guaranteed and we have the most up to date game-day fabric. Our standard rates are lower than the competition and if you find a lower price with the same material, we will go lower.
